Bun Workshop Supplies List

- Brush
- Comb
- Spray bottle of water
- Bobby pins
- Hair nets
- Barrettes
- Hair Elastics
- Hair pins
- Hair spray/mouse/gel (what ever you are comfortable with)

Our website, www.portdance.com, features a collection of excellent instructional videos. Please visit the site and look for the instructional video link. There is a video on making a hair bun that you will find very helpful.

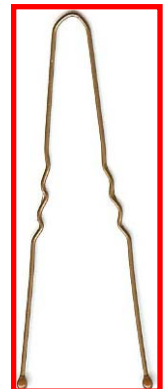

Recommended Products*

These "Bobby" pins (actual size shown) are excellent in helping to control hair around the bun and on the head. You will typically need both sizes.

The right hair net is important. Some hair nets are too thin and will not work well.

Depending on the length or thickness of the hair, either or both of these pins will work well. Note the sturdy construction. (Actual size shown).

The right hair pins make the bun more secure. The ripples help anchor the pin to the hair

*Most supplies are available from Shoppers Drug Mart or Walmart. The better quality hairpins can be obtained from hair supply stores and some dance retailers.
