*This calendar adjusts for Civic, Statutory and other holidays that occur on Mondays and/or Fridays. The adjustments ensure that students whose classes are on those days, enjoy the same number of classes as students whose classes are not affected by these holidays. The mechanism employs Dancer Days to achieve the required correction. The Academy is closed during Dancer Days and the premises are used, in part, to run make-up classes to compensate for closures as a result of Public, Civic or Statutory holidays.
